FORREST BICKER

Mathematics + Computer Science

in forrestbicker

🐙 forrestbicker

EDUCATION

Harvey Mudd College

B.S. Mathematics and Computer Science

Claremont, CA

Aug 2021 - May 2025

- 4.0 Major GPA, Quant & Data Science Club President, ICPC, ML Research at {AMISTAD Lab, HOPE Lab}

Hunter College High School

New York, NY

EXPERIENCE

Arrowstreet

Quant Researcher

Boston, MA

Jul 2025 - Present

- Conduct profitable research.

DE Shaw & Co.

Quant Intern

New York, NY

Jun - Aug 2024

- Researched portfolio optimizer utility formulation and efficiency.

Amazon Web Services

Software Engineer Intern

Seattle, WA

Jul - Sep 2022

- Deployed production updates to robustify AWS Kubernetes platform against server capacity failures.

RESEARCH

AMISTAD Lab

Machine Learning Research under Dr. George Montañez

Claremont, CA

May - Sep 2022

- Published “From Targets to Rewards: Continuous Target Sets in the Algorithmic Search Framework” in ICAART 2024
- Proved theoretical bounds on the Bias-Expressivity tradeoff for continuous learning problems and fuzzy membership.

Backgammon Group

Backgammon Research under Dr. Arthur Benjamin

Claremont, CA

Nov 2021 - May 2022

- Designed quantitative strategies for tournament backgammon play under world champion Dr. Arthur Benjamin.
- Developed novel betting strategy that outperforms state-of-the-art methods and proved successful in tournament play.

Loverde Laboratory

Computational Chemistry Research under Dr. Sharon Loverde

New York, NY

Jul 2019 - Aug 2021

- Developed generalized algorithm to coarse-grain molecular dynamics simulations within optimal computational bounds.

AWARDS

1st Place Paper at Citadel Global Data Open Championship (\$100,000 prize)

1st Place at IMC Prosperity Global Trading Challenge (\$25,000 prize, 1st of 13,500)

Top 50 USA at ICPC North American Championship (International Collegiate Programming Contest NAC-NAPC)

1st Place (2x) at West Coast Datathon (\$20,000 prize)

1st Place at National Security Agency (NSA) Cybersecurity Hacklytics Challenge

3rd Place Algorithm at Worldwide Correlation One Terminal (\$2,500 prize)

TECHNOLOGIES

🐍 Python, 📊 Pandas, 🔥 Pytorch, 📦 NumPy, 🧠 Statsmodels, 🍷 Scikit-Learn, 🐍 SciPy, 📦 CVXPY, 📦 C++
